Idea Presentation

5th International Science & Robotics Olympiad 2024

1. Students from school, college & University can participate
2. Students from any institute can participate
3. Max 3 members

Registration Fees : 1000 BDT
Prize Money :
1st Prize Special Gift
2nd Prize Special Gift
3rd Prize Special Gift

Rules :

1. Participants are asked to present the idea on any field that solves a particular problem on any field of science and technology
2. The must be innovative.
3. Team will formulate the initial idea and prepare a PowerPoint presentation .
4. Prepare the PowerPoint slides for 5 Min(max) presentation
5. Only one submission from each group is needed.

Assessment Rubric (5 criteria):

Real-Life 25% (min pass threshold is half)
The idea is original and based on real- life problems.
Completeness 25% (min pass threshold is half)
The idea elaborated completely on how to achieve the desired results.
Impactful 20% (min pass threshold is half)
The idea clearly demonstrated the impact on the people and its benefit of using the implementation.
Realizable 15% (min pass threshold is half)
The idea clearly demonstrates that it is realizable based on proposed technology and methodology.
Sustainability 15% (min pass threshold is half)
